Personal Portfolio

Robert "RJ" Michael

Objective

I will obtain a Bachelor's degree in Computer Science and Engineering. I plan to use this degree for a tech company to learn, build relationships, and work with like-minded individuals. I also plan to help educate, inspire, and mentor young students in Alaska about Computer Science. Another possibility I am considering is to pursue higher education in researching artificial intelligence/machine learning.

Professional Experience

Systems Engineering Intern 05.2023 – present

Arctic IT

- Helps analyze and assist with security logs and alerts
- Participates in Google Cybersecurity Course
- Participate in Phishing Tests and Understanding
- Complete Microsoft 365 Security Center and Defender Training
